A new service for teachers, researchers, scientists, and scholars in the Rocky Mountain Region . . .

Custom publishing of your special course or research materials—workbooks, lab manuals, technical reports, reprints, collections of readings, etc. We provide experienced, professional processing of manuscripts from initial editing for press to final promotion and sales.

Whether your needs are for 50 or 50,000 copies, we can furnish hot or cold type composition and letterpress or offset printing in black and white or color. Paperback or hard binding is available, and varying arrangements for financing your project, including author royalties, can be arranged.

Write today describing your project and arranging for a personal discussion of your publication needs.
